

**NATIONAL ASSOCIATION FOR THE INTEGRATION
& REHABILITATION OF THE HANDICAPPED**

ANNUAL REPORT FOR THE YEAR 2020-2021

INTRODUCTION :

National Association for the Integration and Rehabilitation of the Handicapped (NAIRH) has been running a School for the children with Intellectual disability, Cerebral Palsy, Autism, Down-Syndrome and Multiple disabilities in Faridabad. The school has successfully completed 28 years. Aim of the organization is to offer a better life to its beneficiaries. Caste, Culture, Sex, Religion, Socio-economic background make no hindrance in providing services to the beneficiaries. All the services are free for the beneficiaries. Specialized staff has been hired.

SCHOOL FOR THE INTELLECTUAL DISABILITY & MULTI-DISABLED CHILDREN :

75 disabled students received education during the year 2020-21. New admissions were not taken this year due to COVID 19. School remain closed due to Pandemic (COVID-19). Students attended virtual classes with the help of their parents.

Virtual classes were taken by the special educators. Video calls, What's app, Social media platform replaced class room education. But in the month of March, 2021 school has reopened with 40% students. Students joined the school with the written permission of their parents. Only those students attended the school who were physically fit. 60% students attended virtual (online) classes. School has followed all the norms required to open the school – check daily temperature of students and teachers, Sanitize the class rooms, with the Masks on and Social distance.

All the class rooms in the school are well ventilated. Comfortable furniture, Tube-lights, Air coolers, Fans, Big size black boards are available in the class rooms. Separate toilets for boys and girls are there in the school. Water Purifier (R.O. System), Solar system, Play ground and Ramp are available for the students.

Speech-therapy and Physiotherapy is being provided to those students who require it. Wheel chairs, Tricycle, Walker, Mobility canes are being provided to those who require them. All the facilities are free for the beneficiaries.

Examination has been conducted every year to test their learning skills but this year examination was held Virtual (online). All the students were promoted to the next grade. This was a new experience for both teachers and students. Special educators put in their best efforts.

School tries to develop their physical, social and intellectual abilities.
